John,

The MBTA has finally gotten back to me in re the citizens request that the pedestrian crossing surface at the Central Street (Idylwilde Farm) be improved. My MBTA contact indicates that the whole job that they would like to do will cost about \$100K, but he seems to think that the MBTA will absorb all but about \$15K of that, leaving the remainder to the Town which would involve police details and some paving. I have a meeting with the MBTA representative in Somerville next Wednesday, 24 October, to hear the full scoop. Obviously no commitment will then be made. However, I think we should put this development on the upcoming BOS Agenda for discussion, and I would like to know if you want me to take a staff person with me to the meeting on the 24th.
